LEGAL.

SUMMONS.

IN THE DISTRICT COURT OF THE STATE OF Nevada, in and for the county of Washoe. The State of Nevada sends to M. Raphael Gutierrez: You are hereby required to appear in an action commenced against you as defendant by CHAS. KATZ, as plaintiff in the District Court of the State of Nevada, in and for the county of Washoe, and answer the complaint therein within ten days after the service on you of this summons, (exclusive of the day of service), if served in said County or twenty days if served out of said County, but within said District, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to recover a decree and judgment against you for the sum of certain mortgage made and executed by you in favor of said CHAS. KATZ, and dated at Washoe, Washoe County, Nevada, September 7, 1889, said mortgage being upon that certain real estate situated in said County and described as follows: To-wit: lots 11, 12, 23 and 24 in Block 2, in the new town-site of the town of Washoe, being 30 feet fronting the depot and running back 180 feet, together with the two buildings thereon. Said mortgage was made by you to secure the payment of your certain promissory note made, executed and delivered by you to plaintiff of even date with said mortgage for the sum of \$1,000 due two years after date with interest at 1 per cent per month till paid, all of which will more fully appear from complaint which is on file in the office of the Clerk of said Court at Reno, in said County, and to which you are especially referred.
And you are further notified, that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded. In testimony whereof, I have hereunto set my hand, this 17th day of April, A. D. 1890.
R. H. LINDSAY,
Attorney for plaintiff.

ADMINISTRATOR'S NOTICE.

IN THE MATTER OF THE ESTATE OF Catherine Kenyon, Administratrix of the estate of A. L. Kenyon, deceased, for a sale of the real estate of said deceased.
Notice is hereby given that all persons interested in and appear before the Judge of the District Court of the State of Nevada, in and for the county of Churchill, at Stillwater, on the
AND DAY OF JUNE, A. D. 1890, AT 11 A. M.
Of said day to show cause why an order should not be granted to the administratrix of said estate, to sell all of said real estate of said deceased or as much as may be necessary to pay such debts.
CATHARINE KENYON.

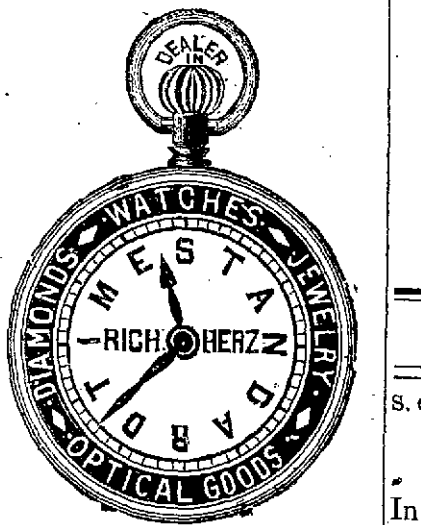

NOTICE TO CREDITORS.

MATTER OF LAST WILL AND TESTAMENT of Heister Stephens, deceased. Notice is hereby given by the undersigned, Mary Stephens, Executrix, and Barnet G. Olow, Executor, of the last will and testament of Heister Stephens, deceased, to the creditors of an all persons having claims against said deceased and his estate, to exhibit the same, duly verified, with the proper vouchers in support thereof, within ten (10) months from the date of the first publication of this notice, to the undersigned, at their office for that purpose, at the residence of said Mary Stephens, at the northeast corner of Front or First Street and Sierra street, in the town of Reno, Washoe County, State of Nevada, for settlement.
MARY STEPHENS, Executrix.
BARNET G. OLOW, Executor.
Reno, Nevada, April 24, 1890. ag4-taw

TO THE PUBLIC, GENERALLY.

THAT MY WIFE HAS LEFT ME FOR NO cause whatever, and has sued for a divorce on the grounds of cruelty, which charge I deny. She has been influenced by certain vicious mischief makers, who are contemptible, and ought not be allowed to live in a civilized community. I have not a word to say against my wife and respect her as a lady.

A MILLION DOLLARS A YEAR.

A New Orleans special to the Examiner says it is quite true, as reported, that the Louisiana Lottery Company has increased its offer for an extension of its privileges from \$500,000 to \$1,000,000 a year for the next twenty-five years.

The company is loth to leave its present ground of operation, and so holds out this tempting bait to the Legislature.

The manner in which the managers propose to distribute this yearly privilege money to the State is as follows: Lorees, \$350,000; public schools, \$350,000; hospitals, \$100,000; insane, \$75,000; deaf, dumb and blind, \$25,000; drainage city of New Orleans, \$100,000. Total \$1,000,000.

The principal manager of the lottery said: "I am met now, when the Legislature has just convened, with a situation which did not exist at the time my first offer was published. Thousands of our people have seen their homes ruined and their fortunes swept away, and I think any liberal citizen should do all he can to restore their prosperity."

"With \$350,000 a year there is no reason why the State should not have an admirable levee system from the Arkansas line to the Gulf of Mexico and along the banks of the Red river to Louisiana. The public school term can be made fully nine months in the year and the grade of instruction can be materially improved, for with a certainty of a full scholastic year our corps of teachers will be more efficient, and those who have been teaching heretofore as temporary business will adopt it as a permanent profession."

"I have long since recognized that the city of New Orleans requires a first-class drainage system in order that the prosperity of its citizens may be assured. I have therefore, provided in my offer a specific, and I trust, a satisfactory amount semi-annually for this purpose. I see very clearly that something must be done, and done at once, to restore the levees which have recently been destroyed. I will advance the State a sum for the purpose at once in order that our people may not be overwhelmed between this date and the expiration of the present lottery charter."

SENATOR JONES AND SILVER.

The Winnemucca Silver State remarks:

In 1878 when the Bland bill, authorizing the coinage of standard dollars, was before Congress, Senator Jones, of Nevada, delivered the most comprehensive speech ever made on the silver question, and he became known throughout two hemispheres as the "Silver Senator." Having then exhausted the subject, he has since, until the present time, had comparatively little to say on the silver question. When on his way to Washington last Winter he informed a representative of the Silver State that if the present Congress did not deal fairly with silver, Nevada and other silver producing States would be justifiable in electing Presidential electors on a free coinage platform and giving their votes to the Presidential candidate whose party pledged itself to do most for the debased metal. Notwithstanding this declaration on the part of the Senator, there were those who construed his apparent apathy on the silver question during the Winter to mean opposition to remonetization, though there was no known reason why a rational, reasoning person, who had ever been an uncompromising advocate of free coinage as Senator Jones had been, should now change his views and become a gold-bug. However, his course in the Senate recently has disarmed all suspicion and dispelled all doubts. He declared that the mandates of the caucus could not force him to vote for an objectionable silver bill and this week he made the most argumentative and exhaustive speech on silver delivered in the Senate since 1878.

The delivery of this speech occupied nearly six hours and, according to the dispatches, he frightened the gold-bug Senators out of the Chamber, and much of the time had a larger attendance on the Democratic than on the Republican side of the house. A synopsis of the Senator's speech, which is said to be the great effort of his life, has been telegraphed and it shows conclusively that he is now, as heretofore, the steadfast, unwavering friend of silver and that he will do all in his power to secure its full remonetization by making its coinage like that of gold, free at the Mints, as it had been from the foundation of the Government until Congress, in the interest of the bondholders, perpetrated the infamy of 1873.

The House Committee on Pacific Railroad has decided, by a vote of 7 to 4, to report a bill funding the indebtedness of the Union and Central Pacific roads by issuing new bonds; the Union Pacific bonds to run fifty years and bear 3 per cent interest, and the Central Pacific bonds to run seventy-five years and bear 2 per cent interest. Chairman Dulzell and three other members will report in favor of placing the Central Pacific on the same basis as the Union Pacific.

The San Francisco Post says of Von Schmidt's Tahoe scheme:

The people of Reno and the eastern portion of Nevada are evidently very much aroused over the proposition to draw part of the water supply for San Francisco from Lake Tahoe. They have invited a committee of the Supervisors to visit Tahoe and see for themselves that the storage capacity of the Lake has been vastly overestimated. The Tahoe proposition is not by any means a new one, and there seems as little probability that it will be adopted as there was years ago when it was first brought to the attention of the public.

The San Francisco Bulletin says:

Hon. Henry K. Mitchell, who was in early times a leading lawyer of Marysville, and for many years prominent in law and politics in Eastern and Western Nevada, having been the Democratic candidate for Congress in 1885, will soon resume the development of gold and coal mines owned by him near Eureka in that State. Work was shut down many years ago, and Mr. Mitchell has been living meanwhile in this city.

SHERMAN'S SILVER VIEWS.

TWO SMALL CHILDREN FIND A HUMAN SKELETON IN THE WOODS.

Two Noted Men Dead—A Mysterious Murder Near Napa—An Alaskan Volcano.

Sherman on Silver.

Special to the JOURNAL.

WASHINGTON, May 16.—When the Silver bill was taken up in the Senate to-day Sherman introduced his amendment providing that certain balances in the Treasury shall be used to redeem circulating notes of banks. Flaub moved to amend the amendment by limiting the funds available for the payment of the public debt to \$110,000,000. A lengthy discussion followed. Sherman, coming to the discussion of the bill itself, said that though he did not like some of its features he might be driven to support the measure.

Continuing, Sherman said: "If we can agree upon some measure that will furnish the people more money and tend to advance silver bullion nearer to the standard of gold I am willing to vote for such a measure, but I do not want to embark upon the wide sea of free coinage of silver and I don't want Congress to pledge itself to buy all the silver which may be offered. If we can adopt a measure that will make use of both gold and silver and keep them together at par with each other, I will vote for it, if not, I will content myself by simply voting in the negative."

The discussion was continued at great length, but the bill went over without action, and the Senate adjourned.

Alpheus Bull Drowned.

Special to the JOURNAL.

SAN FRANCISCO, May 16.—Alpheus Bull, Vice President of the Fireman's Fund Insurance Company, was drowned this morning by falling from the breakwater near Fort Point. He was 74 years of age, a native of New York and quite wealthy.

Mr. Bull was one of the most respected citizens of this city, and was a minister of the Gospel prior to his arrival here in 1851 and has since been interested in commercial pursuits. He made a great fortune during the early days of the Comstock and was President of the Gould & Curry and several other mining companies. Just the nature of the accident which caused him to lose his life has not yet been learned.

Testifies in His Own Behalf.

Special to the JOURNAL.

SAN FRANCISCO, May 16.—D. H. Arnold took the stand on his own behalf to-day in his trial for killing Garassus. He specified the times and places at which derogatory circulars about his wife were received, and stated that the first person who had spoken to him about the circulars in Colusa county was the editor of the Colusa Sun. Dr. Belton, Arnold's family physician, and Cashier Harrington, of the Colusa bank, had received circulars and denounced the affair as an outrage. Witness testified that he was advised by the editor of the Sun to inquire about the circulars in San Francisco and did so, but found out nothing. Circulars were introduced in evidence and read.

An Active Alaskan Volcano.

Special to the JOURNAL.

SAN FRANCISCO, May 16.—The news has reached here by letter from Port Bliniak, Oonalska, that Bogoston, the Alaskan volcano that blazed and smoked for a time about seven years ago, is again in eruption. On February 17th and 22d there were signs of great activity, smoke and flame pouring from the crater and rising to a great height. The sky for a week was clouded with ashes, which fell in liberal showers in the town of Bliniak, forty-four miles away. To those who saw the eruption it seemed that the pillar of fire and smoke was fully fifteen miles in height.

Judge Drummond Dead.

Special to the JOURNAL.

CHICAGO, May 16.—United States Circuit Judge Thomas Drummond died at Wheaton, Ill., last night, aged 80 years and 7 months, from a complication of bodily infirmities from which he has been suffering for a long time. His term of service was the longest of any Circuit Judge of the country. He was appointed in 1850 and retired in 1884, when Gresham was appointed as his successor. Drummond was universally recognized as one of the most eminent of modern Judges.

Mysterious Murder.

Special to the JOURNAL.

NAPA, Cal., May 16.—The body of Hormon B. Denson was found on the outskirts of town this morning. A cut on the right temple showed the cause of death. Denson was last seen alive last night, when he left Dwight Spencer's house near by to go home. The Coroner is investigating.

Baseball Yesterday.

Special to the JOURNAL.

Players—Boston 4, Cleveland 10; Philadelphia 10, Pittsburgh 11. New York game postponed—rain. Brooklyn 8, Chicago 5. Nationals—Boston 0, Chicago 5; New York 1, Cleveland 5; Brooklyn 6, Pittsburgh 3; Philadelphia 1, Cincinnati 5. Coast—San Francisco 10, Oakland 5; Stockton, 3, Sacramento 4.

A Curious Collection of Pianos.

Special to the JOURNAL.

NEW HAVEN, May 16.—Mr. Steiner, the music dealer of this city, is the possessor of a unique collection of keyed instruments, including clavichords harpsichords and other old forms of the pianoforte which were used in the times of Mozart and Beethoven. These instruments are now being exhibited in various parts of the country and will be introduced at a concert in Osburn Hall, Yale University, when Conrad Ansoorge, the New York pianist, will play on them. Later, the collection will be exhibited in Providence and Boston, when it will be taken to the Smithsonian Institute in Washington for permanent exhibition.

The Lively House.

Special to the JOURNAL.

WASHINGTON, May 16.—There was a long debate in the House this afternoon principally devoted to the consideration of farm mortgages and politics. Mansur (Missouri) declared the Iowa representatives had been repudiated by their people. The House was in an uproar for a few minutes, and when it subsided, Mansur claimed he was entitled to the floor. The Chair said the gentleman's time had expired three minutes before, and that he had been taking advantage of the Chair's good nature to insult the House and lower his own standing.

The House then took a recess.

Two Children Find a Skeleton.

Special to the JOURNAL.

FOLSOM, Cal., May 16.—Two little children were strolling through the woods near where Alder creek empties into the American river this morning and in a dense clump of underbrush found the skeleton of a man. The remains were brought to town. They had evidently lain there two or three years, as near the remains were a grip sack and a small buckskin purse containing a silver dollar and a dog's tooth of a young woman, on which was written the words, "Ruth Ayon Brace, aged 18, Sept. 20, sixty-one."

An Aggravated Case.

Special to the JOURNAL.

PORT TOWNSEND, Wash., May 16.—The case of Martin Phillips, charged with murdering John Hall, of Topaz Island, last December was given to the jury to-night. Phillips had just married his second wife and had returned home, when a party of friends proceeded to charivari the couple. Phillips rushed out of the house armed with a double barreled shotgun and emptied a load of buck shot into the retreating crowd, killing Hall and wounding John Graham, the defendant's nephew.

New Methodist Bishops.

Special to the JOURNAL.

ST. LOUIS, May 16.—In the General Conference of the M. E. Church South this morning the Committee on Episcopacy recommended the election of two Bishops, one to take the place of Bishop Tyler and the other to be Bishop of a new see to be created. Adopted, and the election was made the special order for next Monday. The Committee on Publishing Interests recommended the establishment of a church organ on the Pacific Coast.

Stage Robber Captured.

Special to the JOURNAL.

MARTIN, Cal., May 16.—Yesterday evening the robber who held up the Merced stage Wednesday, was caught by James Schofield about eight miles from this city, at an old sheep cabin. He was brought to town and looked up to await the arrival of officers from Merced. He says his name is W. Fredricks and that he is a German. He was identified by the driver and Miss Farnsworth.

Excise Commissioners Indicted.

Special to the JOURNAL.

NEW YORK, May 16.—The Grand Jury has indicted Excise Commissioners James Fitzpatrick, Joseph Cook and Alexander Meekins for failing to investigate certain cases of violation of the election law.

MARRIED.

CADDIE—MACHETH.—In Reno, May 16, 1890, by the Rev. J. H. Brady, Harry B. Caddie and Miss Jessie Macheth.

The importance of purifying the blood cannot be overestimated, for without pure blood you cannot enjoy good health. At this season nearly every one needs a good medicine to purify, vitalize, and enrich the blood, and we ask you to try Hood's Sarsaparilla. It strengthens the system, creates an appetite, and tones the digestion, while it eradicates disease. The peculiar combination, proportion, and preparation of the vegetable remedies used give to Hood's Sarsaparilla peculiar curative powers. No other medicine has such a record of wonderful cures. If you have made up your mind to buy Hood's Sarsaparilla do not be induced to take any other instead. It is a Sarsaparilla, and is worthy your confidence. Hood's Sarsaparilla is sold by all druggists. Prepared by C. I. Hood & Co., Lowell, Mass. 100 Doses One Dollar

The United States Official Investigation of Baking Powders, 1889

Made under authority of Congress by the Chemical Division of the Department of Agriculture, Washington, D. C., and recently completed,

Shows the Royal Baking Powder to be a cream of tartar baking powder of the highest quality, superior to all others in strength, leavening power, and general usefulness.

The Royal Baking Powder is thus distinguished by the highest expert official authority the leading Baking Powder of the world.

The Presbyterians.

Special to the JOURNAL.

SARATOGA, N. Y., May 16.—At the Presbyterian General Assembly this afternoon the common method of effecting changes in the confession of faith and constitution of the church was discussed. It was recommended that the question be transmitted to the Presbyterians whether amendments or alterations shall be made in form, Government book, discipline and directory for worship. The committee also recommended that Presbyteries be directed to answer the overture in time to be presented to the next Assembly.

BREVITIES.

The alfalfa looms up.
The river is up again.
Is this Spring or Summer?
The snow cannot stand the warm sun.
The Journal Job office is crowded with work.

Geo. Shaeffer went up to Truckee yesterday.

A. J. Clark's new brick is up to the second story.

Alvaro Evans got home from the Bay yesterday.

Clear off the sagebrush, and make the hills look green.

Alex Arbery, of Carson, went East yesterday morning.

Judge King writes back glowing accounts of the great Northwest.

Tom Hymers is figuring on a 25x75 brick addition to his lively stable.

H. W. Higgins is enjoying the sights and country around Paget Sound.

The case of Grant vs. Deluchi was tried in the District Court yesterday.

Miss Alexie Finlayson returned from San Francisco yesterday morning.

Send a bird's-eye view of Reno away to your friends. Advertise the town.

The Palace Hotel folks have concluded to take down the rooms over the alley.

Mr. Jack Fraser will soon occupy the vacant room in the brick building east side Virginia street.

Joseph Powning, of San Francisco, was a passenger for New York on yesterday morning's train.

Read the new cyclone notices in the 50-cent column. Stevenson will sell you a cart, or anything you may want.

Capt. A. D. Griffin, who has been wintering in California, came up yesterday to see if Peavine is still covered with snow.

Bob Lambert, the barber at the Chase & Church corner, is confined to his home with a severe attack of fever, but hopes to be out in a few days.

Ex-Senator Westerfield, of Lyon, Senator Williams, of Ormsby, Supt. D. B. Lyman, of Virginia, and John Ross, the well known Comstock engineer, are in town.

Virginia City Republicans are very anxious to have the Republican State Convention this year. They say they have had but one convention in twenty-four years.

Mrs. Geo. H. Taylor will organize and have entire charge of the Baptist Church choir. We shall expect to hear good music when we go to that church. Remember the dedication will be May 25th.

PATTI'S PEER.

A California Song Queen Who Excels the Divine Diva.

The Pittsburg Press says: The only soprano in the world who makes higher notes than Patti is Miss Sybil Sanderson, daughter of Judge Sanderson, of San Francisco.

She is a tall, willowy girl, with a throat like a white pillar, gold blonde hair and black eyes, with great depths of diabolism in them. She dresses beautifully, is extremely bright and intelligent, and as her father was a wealthy man, was quite a belle when the unusual capabilities of her voice became apparent and she went to Europe to study. She was twenty-one, then, she is now about twenty-four.

Masonet, the composer, was one of the first to testify to her unquestioned gifts. He has just completed an opera for her, in which occurs the musical marvel of a run to second upper A. We shall no doubt be called upon to pay our tribute to the neat little gymnastic feat at some future day.

The Overman 1300 Level Being Re-opened.

The Virginia Chronicle of last evening says the Overman shaft has been reopened down to the 1300 level for the purpose of exploring the downward continuation of the ore development on the 1200 level. In former explorations on the 1300 level quartz was cut both north and south of the point on the 1200 level where ore was found. It will require about ten days to reopen the 1300 level drifts leading to this quartz, when the vein will be followed to a point directly under the 1200 level development. On the authority of Superintendent Sharon the ore in the winze below the 1200 level is showing improvement in grade, and he thinks there can be no reasonable doubt that the 1200 level ore extends down to and below the 1300 level.

The Snowsheds not to go.

It is understood that the lesson of the past Winter has discouraged the idea that was countenanced for a while of tearing down the snowsheds, save only such stretches as might be used to cover side-tracks. The subject has been discussed at Fourth and Townsend streets for some days and the conclusion was about reached that the sheds must be maintained although they are a source of expense.

Taxes Paid Under Protest.

The Central Pacific Railroad Company paid to District Attorney Allen yesterday \$1,306 85 under protest, the amount being the tax on the surveyed and unpatented lands in Washoe county, with the penalty thereon. The amount was paid under protest because the company has a suit now pending involving the validity of the tax on these lands.

ARE THEY IN EARNST?

The annexed is taken from the Picoche Record:

If one should doubt whether the Union Pacific Railway Company are in earnest about building the extension of road which is to pass through Lincoln county, it might be questioned by some whether the doubter had the proper use of his reasoning faculties. Large sums of money are being expended along the line of the road, in cutting, filling, making tunnels, etc. Yet, while it is given out that the road is to be finished to Picoche before the end of this year, it is said, by those who should be competent to judge, that the progress of the work is so slow that at the present rate it could not possibly be finished within two years. The difficulty seems to be a lack of laboring men. This difficulty can be easily remedied. It is caused by the fact that insufficient wages are paid. It is true that two or two and a half dollars a day is a tempting offer to most laborers in the Eastern States. But when they come out here they find that two dollars in Nevada does not buy as much as two dollars buys in the East. Money is cheaper here. Corporations have a habit of recognizing this when they make charges for services, whether it be for carrying freight or passengers, or for reducing ore or any other service. Even though they did not so recognize it, it is a great fact which is bound to be recognized in one of its bearings as well as in another, that money is cheap in Nevada. It may be true that there is not much money in the country; yet measured by labor, which is much nearer a true standard of value than dollars and cents, money is cheap. This being the case, if the railway builders don't care whether the road is completed this year or next year or ten years hence, or if the company are only spending their money for fun, it may not be worth while to change their present methods. But if they really want to make an iron road we suggest that they pay fair wages. Two dollars and fifty cents is surely little enough for common pick and shovel work, and for miner's work in tunneling, etc., which is necessarily not steady employment and attended with many inconveniences, four dollars a day is not too much. Three dollars is paid in Picoche, certainly a much more desirable place to work than on the line of a building railway.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. feb. 21-sw1-c'y

Symbolic Names of Metals.

The ancients designated the seven metals by names of planets, because each were supposed to have some hidden relation to the celestial bodies, and were denoted by a particular symbol, representing both the planet and metal. Gold was represented by the sun; silver, by the moon; mercury, by Mercury; copper, by Venus; iron, by Mars; tin, by Jupiter and lead by Saturn.

Up With the Times.

JOURNAL readers should not fail to carefully peruse the new ad. of the Palace Dry Goods and Carpet House in to-day's paper. An examination of the quality and prices of the goods of this enterprising firm will convince you that nothing can be saved by sending away for any article in their line.

When Baby was sick,

We gave her Castoria.

When she was a Child,

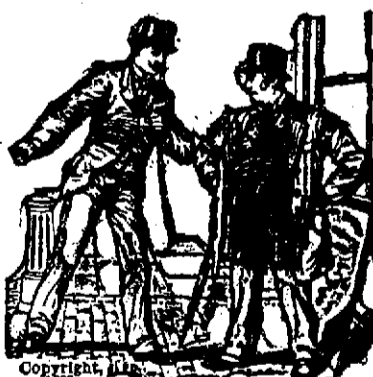

She cried for Castoria.

When she became Miss,

She clung to Castoria.

When she had Children,

She gave them Castoria.

Copyright, 1889.

KISSED ANOTHER MAN'S WIFE.

"You scoundrel," yelled young Jacob Green at his good neighbor Brown.

"You kissed my wife upon the cheek," "I ought to knock you down."

"That's where you're wrong," good Brown replied.

"In accents mild and meek; I kissed her, but I've not denied."

"But I kissed her on the cheek—and I did so because she looked so handsome—the very picture of beauty and health."

"What is the secret of it?" "Well," replied Green, "since you ask it, I will tell you; she uses Dr. Pierce's Favorite Prescription. I accept your apology."

An unhealthy woman is rarely, if ever, beautiful. The peculiar diseases to which so many of the sex are subject, at various stages of pale, sallow faces, dull, listless eyes and emaciated forms. Women so afflicted, can be permanently cured by using Dr. Pierce's Favorite Prescription; and with the restoration of health comes that beauty which, combined with good qualities of head and heart, makes women angels of loveliness.

"Favorite Prescription" is the only medicine for women, sold by druggists, under a positive guarantee. It will give satisfaction in every case, or money will be refunded. It is a positive specific for leucorrhoea, painful menstruation, chronic congestion, inflammation, or falling of the womb, weak back, anteversion, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb.

WORLD'S DISPENSARY MEDICAL ASSOCIATION, Manufacturers, Buffalo, N. Y.

DR. PIERCE'S PELLETS Purely Vegetable, Laxative, or Cathartic, according to size of dose. By druggists. 25 cents a box.

250 Beautiful Lots For Sale!

A RARE CHANCE FOR AN INVESTMENT AND A HOME

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Avenue Riverside Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

RENO

Reno's geographical position is excellent. It is on the line of the Central Pacific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Virginia and Truckee Railroad running south, and of the Nevada and California Railroad running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established.

Reno has the Bank of Nevada with \$300,000 capital, and the First National Bank with \$200,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the Daily and Weekly Gazette.

Reno is the natural home of the Alfalfa, and therefore the great cattle headquarters of the State. Here are fed the prime beef for the California market. Reno potatoes are the best in the world, and she also excels in Strawberries and the small fruits. Reno Wheat took the first prize at the great New Orleans Exposition.

The State Fair is always held at Reno.

Reno is the County Seat of Washoe County, the wealthiest county in Nevada.

RENO!

Has 5,000 Population and is

Growing Rapidly.

The Loveliest Town!

The Cleanest Town.

The Wealthiest Town!

The Healthiest Town!

RENO

Is Supported by the Richest Farming Country of Nevada, Northern California and Southern Oregon

RENO

Has no equal in Nevada or California for salubrity of climate, wealth of soil, diversity of products and stability. Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule.

Facilities for irrigating surpass any in the State and there is no failure of crops. Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools.

The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.

RENO!

Is the Railroad Center of Nevada.

RENO

Is the Educational Center of Nevada.

RENO

Is the Healthiest Town in Nevada.

RENO

Is Great, and Alfalfa is King!

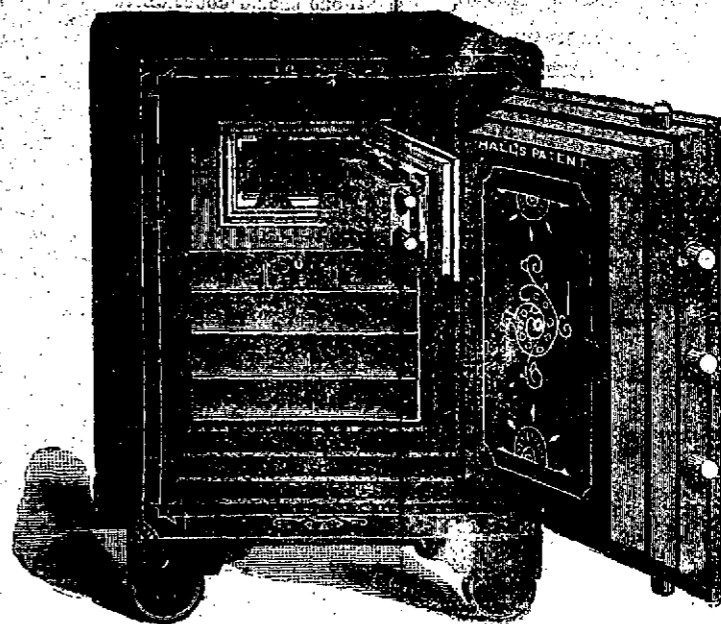

The Safest Investment

IN THE STATE

RENO PROPERTY

Is the Cheapest on the Coast in comparison with that of other cities.
